# Facials & Body Treatments

## *Classic Facial*

Results include cleansing, softening and hydration using natural ingredients, vital for maintaining healthy, beautiful skin.

## *Oxygenation Facial*

Breathe new life into your complexion with this high-performance treatment that carries active ingredients deep into your skin. The immediate visible benefits you'll enjoy include softer, smoother skin that feels cleaner and fresher than ever.

## *Rosacea Cooling Facial*

This facial provides a thorough, hydrating and calming cleansing. A natural peel exfoliates dead cells. Enjoy a cool facial stone massage, truly a pampering treatment. Finally, a specially formulated serum is worked into the face to balance, calm, protect and hydrate this sensitive skin.

## *Gentleman's Facial*

This is a customized treatment designed specifically for men to keep the skin looking young, healthy and clear. Includes a deeply relaxing massage of the face, neck and shoulders.

## *Glycolic Facial*

Deep within your skin lies the memory of youth. This superior treatment provides rapid exfoliation, revealing fresher, younger and softer looking skin.

## *Anti-Aging Vitamin C Facial*

Why look older than you have to? This is a revitalizing facial to nourish and firm the skin. Vitamin C has been proven to diminish sun damage and photo-aging. It works deep down to improve cell functions, while providing serious hydration on the outside.

## *Stress Relief Aromatherapy Facial*

This is a Flawless favorite! Designed as an antidote to combat the stress in our fast paced lifestyle, this unique blend of essential oils contains properties that relieve tension and restore calm to nerves.

## *Teen Facial*

A thorough cleansing of the skin. Includes skin analysis, exfoliation, steam, manual extractions where necessary and finishing mask. Home skin care regime will be recommended.

## *Microdermabrasion Facial*

Rediscover your skin with Micro Controlled peeling; a progressive non-invasive procedure for skin resurfacing. Powerful peeling action triggers the skin's repair mechanisms to produce healthy tissue growth, improving skin tone and elasticity. This system gradually abrades epidermal cells to treat a range of skin problems: sun-damaged skin, fine lines and wrinkles, enlarged pores, superficial scars, blackheads and comedones. To achieve optimum results, a minimum of six treatments is recommended.

## *Firming, Lifting Facial*

The pure freeze-dried collagen fiber blanket provides a protective layer to hold natural moisture while adding a "time released" source of hydration throughout the day. A dramatic treatment to smooth fine lines and condition dry skin.

## *Relaxing Back Treatment*

An effective treatment to cleanse and clear problem areas on the back and shoulders. After a thorough cleansing, a gentle lavender scrub is applied for superior exfoliation. Relax and enjoy the soothing warmth of an aromatic lavender paraffin treatment, followed by a wonderful back and shoulder massage. *The finishing touch of a customized masque!*

## *Reiki*

Reiki is a very gentle healing technique. It works on three levels of healing. Great for stress reduction and relaxation.

## *Herbology Body Retexturizer*

Experience therapeutic body exfoliation that uses medicinal Chinese herbs to smooth and retexturize your skin from neck to toes. It starts with an application of warm Hazelnut Oil followed by an exfoliating Herbology massage. The result will be silky smooth, revitalized skin that will feel comfortable for days.

## *Fake Bake*

Tan in minutes! Fake Bake Lotion is used for in-salon tanning treatments. Smooth application and dark tan without turning your skin orange. A built-in Color Guide ensures streak-free application.
